

LSU is now a MikroTik Academy

La Salle University is now a recognized **MikroTik Academy in the Philippines**. Being part of the MikroTik Academy, LSU can now offer MikroTik Certified Network Associate (MTCNA) course to interested students.

MTCNA course is designed to provide students with the basic knowledge about RouterOS software and Routerboard products. After the successful completion of the course, the students will be able to configure, manage, troubleshoot a MikroTik device and provide basic services to possible clients.

MikroTik SIA, known internationally as MikroTik, is a computer networking equipment manufacturing company based in Latvia. MikroTik also produces software for data network management purposes. (Mikrotik.com)

One of the LSU-CCSEA faculty -- **Engr. Jay Harold Reazol** with two IT Staff namely **Mr. Joel Estrella and Mr. Jes Nazer Lapad** were able to undergo series of training for MikroTik Academy Trainers & Professionals. It includes courses for MTCNA (MikroTik Certified Network Associate), MTCRE (MikroTik Certified Routing Engineer) and MTCUME (MikroTik Certified User Management Engineer). The event was held at CORE Institute of Technology, Davao City on February 12-19, 2018 with **Engr. Roy Pamitalan**, as the trainer and the MikroTik Coordinator in the Philippines.

Having passed the certifications and the course training, La Salle University is now eligible to offer the MikroTik course as a MikroTik Academy.
